The 1968-69 School Year marks another important milestone in the long and eventful history of Sherman Institute. A major change in our student enrollment has taken place as California students in large numbers have again become a part of our student body.

We welcome the California group and wish them every success. The parents of many of these students were enrolled as Sherman students when the school was closed to California enrollment in the Fall of 1948. Now these young people come to take the places once filled by an earlier generation.

Although the year has been marked by insufficient funds, curtailment in the number of staff employees, and the tragic need for new buildings, the spirit of service and dedication of the staff and students is bound to carry them through to the brighter days ahead.

Myrthus W. Evans

Myrthus W. Evans
Superintendent

ADMINISTRATION

Ronald Takala, Cross Country Team Captain, shows trophies to student body president, Bessie John and Edgar L. Samons, Principal.
